Myself.

The question of the legality of continuance of NCEP so far as the activities of the division was discussed.

Mrs. Wallace had letter from F. Kerr as of Dec 13. stating work could not be done. Subseq. letters had no effect in changing status. Work was done - apparently without authority. At N.Y. conference matter discussed and therefore unwise to continue.

Letter to Mildred M. from Sandra Wise read definitely stating that naturalization could be done only by teachers to students and as part of teaching altho not necessarily in class room.

∴ Commissioner decided to close out & terminate as of noon Feb. 28. all NCEP work in the office of Div. of T & A. and under supervision of A.W.O.C. Letter to be sent to Mayors who had given space - letting of termination. NCEP staff to be reformed by Mrs. Mahoney 3/2/42

Mrs. Mahoney at office 9.30. From that time until noon, telephone discussion as to the best method of separating N.P.A. workers from N.C.E.P. Mrs. Mahoney talked on phone to M.L.S. & to Mrs. Wallace. I talked also.

Final result. N.C.E.P. workers were told that their services were "interrupted" for this week.... that they would be permitted to make up the time with no financial loss... that all should report --- except Miss Kreinin and Miss Simmons -- to the course given by N.C.E.P. for Boston at Kingsley Hall on Mon. Mar. 9. After taking and passing the course they would be assigned to teaching - if opportunities were available -- and would be subject to all the necessities incident to a teaching program.

We lunched together.

Mary Guyton telephoned the result of a telephone conversation with Dean Russell who says the Division part of NCEP is absolutely impossible unless and until the presidential description specifically includes the work.

Now, therefore, by virtue of the authority vested in me by the foregoing statutory provisions, and in order to carry out the purposes thereof, I hereby exempt from the classification "alien enemy" all persons whom the Attorney General of the United States shall, after investigation fully establishing their loyalty, certify as persons loyal to the United States.

TAKES IMMIGRATION POST

Earl G. Harrison Is Sworn In as Commissioner by Biddle

Special to THE NEW YORK TIMES.

WASHINGTON, July 20—Earl G. Harrison of Philadelphia was sworn in today as Commissioner of Immigration and Naturalization. Attorney General Biddle, a longtime friend of Mr. Harrison, left the saboteur trial for a few minutes to administer the oath.

"The functions of the Immigration and Naturalization Service in wartime are closely linked with the internal security of our nation," Mr. Harrison said. "As commissioner I will do my job with fairness to all but with all the firm-

ness necessary. We cannot take chances in wartime."

Mr. Harrison, who is 43 years old, conducted the 1940 and 1942 alien registration programs. For a time his confirmation by the Senate was held up by Senator Guffey. Approval came a few days ago. Said to be technically a Republican, Mr. Harrison has consistently supported liberal movements and backed President Roosevelt's policies.

"HE WHO HAS FAITH IN ITALY"

In his Columbus Day speech last evening Attorney General Biddle stated that out of 600,000 Italians in this country classified ten months ago as "enemy aliens" only 228 had so conducted themselves as to merit internment; and that he had therefore, with the President's approval, issued an order, effective next Monday, removing Italians from the "enemy alien" list.

On the evidence he could not do otherwise. The 600,000 Italians of alien citizenship, the 6,000,000 Americans of Italian ancestry, have proved their loyalty to American principles. Fascism may have hypnotized some of them for a time. It hypnotized some Americans of the older stock. When the test came fascism died among them. They looked again at Mussolini and saw that tiny man as he is: a strutting pygmy unworthy to tread the soil honored by Mazzini. They remembered Garibaldi, crying in the teeth of the appeasers: "He who still has faith in Italy, let him follow me." They saw the shame and misery into which their beloved homeland has been led: Italy as truly conquered, as truly betrayed as France has been.

More than Italy and the Italians is involved in this open hand extended to the nation's friends, and in the proposed legislation, which Mr. Biddle supports, lifting the requirements of the literacy test for the older generation of aliens who are otherwise eligible to become citizens. What these policies say is that we shall try to recognize our friends wherever we find them; that we know they exist not only among the foreign-born here but in Italy, in France, in the whole of conquered Europe.

65 'Enemy' Aliens Made Citizens

Sixty-five enemy aliens, mostly Italians, who, after detailed investigation by the Federal Bureau of Investigation, were reported to be loyal to the United States, were admitted to American citizenship today in the United States District Court at Boston. More than 300 aliens were naturalized at the session, which was the first one since the two-month pre-election lapse in such proceedings.

It was said to be the largest number of enemy aliens to be granted citizenship since the war started. Judge Francis J. W. Ford, told the new citizens, after they had taken the oath of allegiance, that "we are fighting not only to preserve liberties guaranteed under our Constitution, but to extend these rights to other peoples who wish to enjoy them."

"You who are here today read the heartening news of our success in the free press. The light is shin-

ing brighter this morning through the murky clouds of despair. Let us thank God that the light is growing stronger and that there is increasing hope that our freedoms will be preserved forever."

**Navy Lifts Ban on
Italian Fishermen;
200 on Boston Boats**

Some 200 Italian fishermen in the Boston area, previously barred as "enemy aliens" from fishing in coastal waters, will be permitted to pursue their calling again today with the lifting of a Navy order on anchorage regulations issued last March.

Although the stigma of "enemy alien" was removed from friendly Italians several weeks ago by Attorney General Francis Biddle, permitting them to travel without a permit and to possess radios, guns, cameras and other articles previously prohibited, the Navy order barring them from vessels going in and out of the harbor still remained in effect.
